When you are able to face and deal with your self-sabotage mechanisms and have embraced Self-Love, the next step is allowing yourself to live life with more enthusiasm, more passionately.

As the essence vibration of Passion was seeded into my heart, I received the following accompanying words from Mary Magdalene:

*'Do you remember what your passions are?  
Did you forget about them because you did not love yourself enough?*

*Passions will effortlessly rise to the surface when you start loving yourself.*

*This essence vibration, the Quintessence of Passion  
Will activate the inner spark in you  
to live your passions,  
to become one with your passions,  
to become radiant with a zest for life.*

*The Essence of Passion will activate your PASSION FOR LIFE.'*

May this exquisite essence vibration guide you to a life with more joy, pleasure and fulfilment.

With my heartfelt love,  
*Harriët*

\* The 'Golden Seed Self-Love' Attunement is a Blessing from The Divine Mother, whereby you receive a Golden Seed of Unconditional Love within the core of your Heart Chakra. This Seed of Golden Light will then gradually grow within you, flooding your energy system with more and more Unconditional Love. This Golden Light is of such a high vibration that it will naturally transform lower vibrating energies into Love. The Golden Seed of Self-Love will focus on energies that stand in the way of a healthy self-esteem and embracing Self-Love.
